

Introducing K'(Prime) Technologies Certified Pre-Owned Equipment

Complete Solution: Buy in confidence that all your needed parts and accessories are included, tested and fully compatible

Expertise: Over 85 years of combined experience in analytical instrumentation and chromatography, supplying both Agilent and Dionex equipment

The Company You Know: Western Canada's largest sales/service force in analytical instrumentation. We not only sell the equipment, we are here to support and maintain it

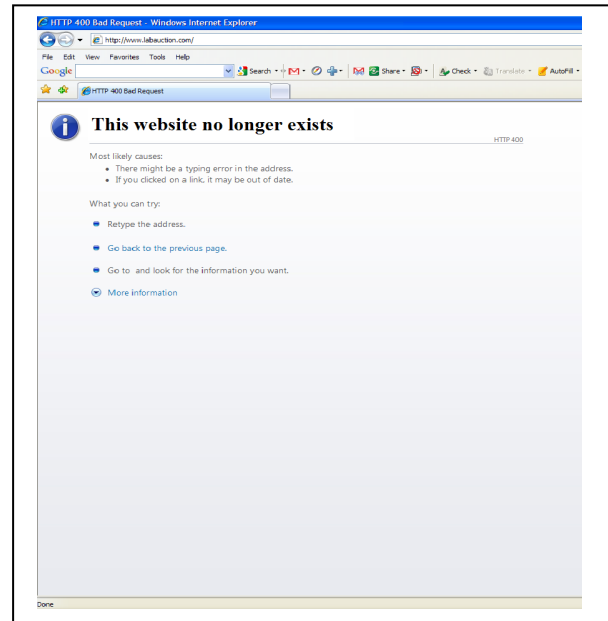

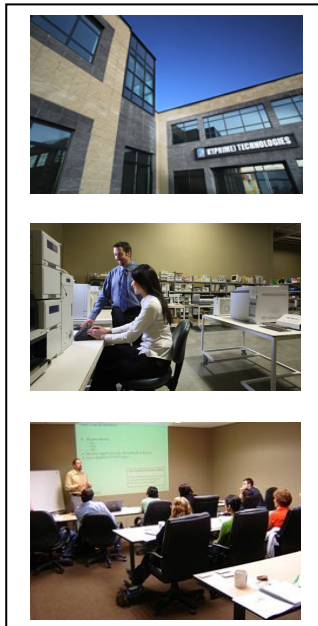

Quality: All equipment must pass a 50+ point inspection by factory trained technicians prior to qualifying for our **Certified Pre-Owned** stock
